The authors regret that they inadvertently mistyped the figure number in the main text of the manuscript in chapter 3.3, which pertains to charge transfer and mass transport analyses. Specifically, the Fig. 4 citation in the main text should be corrected to Fig. 5. Additionally, in chapter 3.4, which pertains to chlor-alkali electrolysis, the Fig.5 citation

in the main text should be corrected to Fig. 6.

In the conclusion section, the word '(Fig. 6)' should be removed.

The error does not change the overall results and discussion.

The authors would like to apologise for any inconvenience caused.
